PROFIL D’ASSISTANT(E)

French school districts are called “Académies” and cover large regions of France. You may select up to three Académies of preference on your application, but you may only choose one from each group (A, B and C). If you have no preference, write “NP” or leave the box blank.

Select ONLY ONE Académie from each group. This gives us a better chance of assigning you to your second or third choice region if your first pick is not available. In rare cases, we are unable to place candidates in one of their top three choices of Académie. If this happens, we use the information provided in the rest of the application file (hobbies and interests indicated by field of study, work experience, personal statement, etc.) to try to find another good fit for the applicant.

Candidates may be assigned anywhere within an Académie. We CANNOT take specific city requests into account.

Few assistants are assigned to the city bearing same name as the Académie.

For example, the Académie of Toulouse is very large and only a small number of assistants are placed in the city proper of Toulouse. Many placements are in small towns and rural areas. The Académies of Aix-Marseille, Nice, Bordeaux, Montpellier, Toulouse and the “départements d’outre-mer” (DOMs) have many positions in rural locations where public transportation is limited.

Applications are considered on the understanding that if you are accepted to the program and confirm your participation, you will commit to the position offered, wherever it may be located within the assigned region of France.

Flexibility is HIGHLY ENCOURAGED!!!

Placement decisions are based solely on merit, so the most qualified applicants have the best chance of being assigned to their regions of choice. Placements depend on the number of requests received for an Académie vs. the number of positions available in that area. Certain regions are more “competitive” than others. The Académies of Lyon, Nice, and Strasbourg, for example, are popular choices with only a limited number of spots available.

Note regarding Paris: VERY FEW positions are located in the city proper of Paris. If you list “Paris” as one of your choices, you will be considered for all three Académies in the Ile-de-France region (Paris, Créteil and Versailles). Housing in the area can be hard to find and very expensive. Schools in the Paris region are rarely able to help assistants find housing. Making ends meet on the assistantship salary (€812 net per month) can be extremely difficult in and around Paris. NOTE: To support housing costs assistants may apply for the CAF.
C2 Contrats d'enseignement souhaités – Contract Preference
You may request the age group to which you would like to be assigned. We take these preferences into consideration but cannot guarantee that you will receive your choice of contract. Many more positions are available at the secondary level than at the primary level. If you have no preference or want to work in both elementary and secondary schools, use the CTRL key to select both.

All contracts have a 12-hour per week schedule that can be divided among up to three schools.

1D Primary School – 7 months (October 1, 2023 to April 30, 2024)
• Working with children aged 8-11 years old
• Assistant organizes oral activities on his/her own with small groups, or works alongside the teacher with the entire class present.
• Prior teaching experience preferred

2D Secondary School – 7 months (October 1, 2023 to April 30, 2024)
• Working with students aged 11-18 years old (collège, lycée)
• Assistant serves as a resource person in conversation groups, provides small group tutorials, facilitates English-language clubs, or works alongside the teacher with the entire class present.
• No prior teaching experience required

NP No Preference
C3 Indicate if you are willing and able to assist in one of the following areas:

C4 Would you be willing to work in a “zone d’éducation prioritaire” (ZEP)?
Implemented in 1981, the French government’s “Zone d’Education Prioritaire” program designates schools in disadvantaged areas to receive additional resources in the spirit of equal opportunity.

** If you would actively prefer teaching in a ZEP, please write a short note to this effect at the end of your statement of motivation (section F1) and we will flag your application for a ZEP placement.

C6 What type of location assignment would you prefer?
Small town / rural area, Small- to Medium-sized city, Large city

C5 What type of location assignment would you prefer?
Small town / rural area, Small- to Medium-sized city, Large city

C6 Which is more important to you, the size of place you live (C5) or the region in France in which you live (C1)?

*By clicking this bubble you confirm that you will be available for the full 7-month contract as an assistant de langue from 2024-2025.

In this case, you will receive more information on this process in late spring/early summer of 2024. We ask candidates to self-report the state of their Federal Identity History Summary during the application process only to better advise you in the event of arrests or charges appearing on your record, especially if you have concerns about the seriousness of the charge. In no case will the information you self-report to us about your background check be used as an evaluation criteria of your application.

### Recommendations/Language Evaluation

You must submit one language evaluation AND one general letter of recommendation with your application.

1. The language evaluation can be either:
   - A letter of recommendation attesting to your French skills, written by a university French professor or teacher from the Alliance Française.
   - Scores from an official standardized language test like the TCF, TEF, DELF or DALF.

2. The general recommendation can be from an academic or professional reference, attesting to your skills and personal qualities.

Sign and date the honor statement on the main recommendation page and click “Sauvegarder.” Then use the drop-down menu to select which method you will be using for the language evaluation. Once you select your method and click the “page suivante” button, you will be taken to the appropriate registration page.

---

If you choose the first recommendation method (1 language evaluation from a university French professor or teacher from the Alliance Française + 1 general recommendation from an academic or professional reference):

Complete the registration section for each recommender using the person’s name and e-mail address. We prefer that you register the French-language evaluator in the 1st spot, and the general reference in the 2nd spot (the actual recommendation forms are the same, however, so it’s ok if you accidentally do it the other way around). Each recommender will be sent an automated e-mail containing instructions on how to access the recommendation form online. The instructions e-mail and recommendation form are both in English. *Recommenders may write their responses in either English or French.*

You will receive an automated e-mail once each recommender submits their recommendation. You will not be able to submit your application until both recommenders have successfully submitted their recommendations.

If you choose the second recommendation method (scan of test scores + 1 recommendation from an academic or professional reference):

Scan the test results page from the TCF, TEF, DELF or DALF and upload the file to the box at the top of the page. Then complete the registration section for your academic or professional reference using the person’s name and e-mail address. The recommender will be sent an automated e-mail containing instructions on how to access the recommendation form online. The instructions e-mail and recommendation form are both in English. *Reminder: the recommender may write their response in either English or French.*

You will receive an automated e-mail once your recommender submits his/her recommendation. You will not be able to submit your application until your recommender has successfully submitted his/her recommendation.

Please make sure you enter the correct e-mail addresses for your recommenders.

You may check the status of your recommendation(s) by visiting the “Recommendations/Language Evaluation” tab.

- **If your recommendation is incomplete**, you will still see the button beneath the person’s registration area that says “Renvoyer le courriel d’instruction à cette personne”.
- **If your recommendation is complete**, you will see a red time-stamped confirmation message below the person’s registration area.

If you need to change your method of language evaluation, use the drop-down menu at the bottom of the page to access the other method’s page.
The application fee for the Teaching Assistant Program in France is $90 and is **non-refundable**. You must pay this fee online using a **credit or debit card**. You will see ‘MCUFEU’ on your bank statement after paying this fee.

Complete the payment form using the card holder’s information and click “Payer.” **Please be patient and CLICK ONLY ONCE.** When your transaction is approved, you will be taken to a confirmation page. You may print this page for your records. After your payment has gone through, you must return to the application to finish the application process. **NOTE: PAYING THE APPLICATION FEE DOES NOT AUTOMATICALLY SUBMIT THE APPLICATION.**

**Application Inspector**

You must run the **Application Inspector before submitting your application.** This will check your application for missing elements and tell you if any required sections or questions remain incomplete.

If you are missing a required element, you must return to complete it before you can submit. Remember to save the section in question after you are done fixing the missing element. You must then re-run the Application Inspector and get the “ok” before continuing on to the "Submit Application" section.

**Submit Application**

Once the Application Inspector verifies your application as complete, the “Envoyer” button will appear active on this page (the button will show as inactive until you have completed all sections and received the go-ahead from the Application Inspector).

Click “Envoyer” to fully submit your application. A **timestamp will confirm that your application was successfully submitted, and you will also receive an automated e-mail confirmation at the e-mail address you provided for question B7.** Make sure to double check your spam folder for this confirmation if it does not appear in your inbox. The Application Deadline is **January 15, 2024.**

**Notes**

Unsolicited materials uploaded to your application (i.e. resumes, additional recommendations, etc.) will not be considered during the review of your application.

All payments are non-refundable, even for candidates who do not submit applications in the end.

Applications submitted to the Teaching Assistant Program in France become the property of the Teaching Assistant Program in France. Your application and accompanying uploaded materials will not be sent back to you, nor will they be copied or forwarded to another party on your behalf.

**IMPORTANT**

Your application is not complete until you run the Application Inspector and click the active “Envoyer” button in the Submit Application section.

To confirm that your application has been successfully submitted, make sure you see a timestamped confirmation message on the Submit Application page AND check that you receive the automated confirmation message at the e-mail address provided for question B7 **(make sure to double check your spam folder for this confirmation if it does not appear in your inbox).**

If you have any doubts as to whether or not your application has been successfully received by the program, please send an e-mail to: tapif@frenchculture.org

**Notification of selection will be sent by e-mail in April 2024.**
